Report on "Visit local areas with significant SC-ST population on 17.01.2020"

The SC-ST-OBC-Minority Cell, along with NSS, visited Hatpukur, Mandaron and Daspara, having significant SC-ST population, to find out the root cause of drop-out tendency form SC/ST community. We came to know that the main reason is poor financial condition and the earning of the family mostly depends on the youth generation. In most of the families the earlier generation didn't reach even secondary education. Therefore, we tried to make them understand the necessity of elementary and higher education in modern age. The school level students were encouraged to get admission in college level taking the advantage of reservation facilities available for them. We made them aware of the scholarship schemes and job opportunities. Also, general health protocol was discussed.
